

APPLICATION NO. 0022.

Notice of Application for Permission to Appropriate the Public Waters of the State of Nevada.

Notice is hereby given that on the 20th day of March, 1920, in accordance with Section 59, Chapter 22, of the Statutes of 1919, T. H. Chatham and J. J. Vignolo, of Beatty, County of Nye, and State of Nevada, made application to the State Engineer of Nevada for permission to appropriate the public waters of the State of Nevada. Such appropriation is to be made from Rock Springs, at a point in the SE 1/4 of SW 1/4, Sec. 26, T. 1 S., R. 46 E., M. D. B. & M., by means of a dam, and one fortieth cubic foot per second is to be conveyed to the SE 1/4 of SW 1/4, Sec. 26, T. 1 S., R. 46 E., M. D. B. & M., by means of a pipe and trough, and there used for stock watering purposes. Water not to be returned to stream.

Signed: J. C. SCRUGHAM, State Engineer.

Date of first publication June 16, 1920.
Date of last publication July 14, 1920.

RED PROPAGANDA SPREAD IN CHINA

(Correspondence of Associated Press)
AMOY, China, May 23.—Bolshevik propaganda is being carried on in southern Fukien under the direction of Governor Chen Chung-Ming, whose advanced socialistic leanings have long been recognized. A society has been formed with headquarters at Chang Chow and quantities of literature issued citing the bolshevik achievements in Russia and declaring that China must follow in footsteps of Russian bolsheviks. The effort aims at abolition of marriage relation and of private ownership of property.

REVIVING THE PONY EXPRESS

RENO, June 19.—The Nevada Round-up management announced today that the opening feature of the Round-up July 2, 5th will be a run of the Pony Express from Sacramento to Reno over the historic trails covered by the express in the early sixties.

Prospective entries in the race indicate that at least five teams will be started. Three riders will compose a team and each man will be furnished three mounts. Riders will carry twelve pounds of mail or express and their speed is expected to exceed a ten mile an hour schedule.

Prizes will be based upon the dress of riders, handling of horses, accuracy of reproduction and speed. The racers will start at Sacramento and the express packages placed in the saddle bags there will not be opened until delivered to the Round-up officials. The stops after leaving Sacramento will be Folsom, Placerville, Pacific House, Strawberry, Glenbrook, Washoe and Reno. Riders will be changed every third station excepting the last lap between Carson and Reno the distance will be covered by scratch men who will be allowed remounts at Washoe City.

City Dwellers Flat Footed.
Defects of vision and flat feet were found more among city dwellers than those in the country, by army physicians examining those entering the service during the war.

CITIZENSHIP A COMMODITY IN THE EAST

(Correspondence Associated Press)

CONSTANTINOPLE, May 24.—Citizenship is a commercial commodity which is hawked about in the cities of the Levant with an indifference which makes westerners wonder whether the mixed commercial populations of Near Eastern cities are capable of patriotism and devotion to any country.

An American business man in Constantinople who was recently employing some agents asked many questions about their citizenship. Without exception the men produced passports from most of the Balkan states and expressed a willingness to follow any citizenship which might be necessary and to change as circumstances might demand. When the American expressed surprise they assured him it was very easy to get papers fixed up for a consideration. Many of the Levantines who have become German and Austrian citizens have very speedily taken Greek or Slav papers if they have become fugitives. It is just as easy for them to change their nationality as it is for the chameleon to change his colors.

The fashion in citizenship changes in Constantinople and other eastern ports just as the styles in hats.

AND FINAL ACCOUNT AND PETITION FOR SETTLEMENT OF ACCOUNT AND DISTRIBUTION.

In the District Court of the Fifth Judicial District of the State of Nevada, in and for the County of Nye.

In the Matter of the Estate of A. T. JOHNSON, Deceased.

Notice is hereby given that W. A. Johnson, administrator of the estate of A. T. Johnson, deceased, has rendered and presented for settlement and filed in the above entitled court his final and final account and petition for settlement of account and distribution of said estate, and that on Saturday, the third day of July, 1920, at 10 o'clock A. M., of that day, in the court room of the above entitled court at the court house in the town of Tonopah, Nye county, State of Nevada, has been fixed by said court, for the settlement of the first and final account and petition for distribution of said estate, at which time and place any person interested in said estate may appear and file his objections to said account and petition for distribution and show cause if any he has, why same should not be granted.

Dated June 11, 1920.
L. E. GLASS, Clerk of Court.
By I. Huffer, Deputy Administrator.
Frank T. Dunn, Attorney for Administrator.

U. S. REFUSES TO BUY SILVER

Eleven hundred pounds of bar silver was taken to the government assay office at Carson City Wednesday by Charles Locamp, of the Comstock Consolidated mine at Comstock and the best price offered for it was eighty-two cents an ounce.

Locamp asked for \$1 an ounce under the Pittman act, but was informed by William Burns, superintendent of the assay office, that he had no authority to pay more than the market price for the metal. He advised Locamp to ship the ore to the mine at San Francisco. This Locamp did. Locamp has received no return from the mine.

Producers of silver will be paid \$1 per ounce for all silver they sell to smelters and refiners, which ultimately is sold to the government, according to a telegram received by Henry M. Rice, secretary of the Nevada Mine Operators Association from Senator Pittman. The senator says the treasury department has the power, and will enforce settlement of similar contracts with silver producers on the basis of one dollar per ounce. The senator's telegram to Locamp went from Washington saying:

"The legal adviser of the treasury department advises with us that a proportionate part of American silver in bullion may be purchased from smelters and refiners under the Pittman act. This settles all trouble. The treasury department has the power and will enforce settlement of similar contracts with silver producers on the basis of one dollar an ounce. I am confident that any other troubles that may arise will be satisfactorily adjusted under the terms of the act."

Bubble in a Sapphire.

There is exhibited in the British museum a sapphire weighing nine carats and containing a bubble of air. It is believed to be a bubble of air which was trapped in the stone when it was formed. The bubble is visible to the naked eye and is a very rare occurrence.

Part of the Game.

A referee has lodged a complaint against the football club on whose grounds he was assaulted by several spectators who disagreed with his decisions. Although sympathizing with him we fear his attempt to enforce national game of football, sports element will not meet with general approval.—Punch London.
